Dear Employer,

Below is a description of the experience, education and skills that I have obtained that may be suitable for the general laborer job position available.

EXPERIENCE

APRIL 2020 – AUGUST 2020

GENERAL LABORER (PACKAGE HANDLER), SOFINA FOODS, BRAMPTON

Worked here throughout summer of 2020.

- Production was vastly fast-paced and physically demanding. Daily production rates ranged from 1300 – 1400 cases/boxes (net weight: 3.0-3.15kg) in single 8-hour shift.
- Assisted in achieving daily goals assigned to the team.
- Was able to carry out daily tasks with very minimal supervision

Primary Duties included:

- Feeding product (cooked meat: 10-15lbs) to production lines
- Palletizing boxes on skids for shipment
- Packaging product into boxes at fast pace

Other duties included

- Cleaning up workspace at end of shift
- Providing necessary industrial material for running of production lines (i.e. plastic films, bags, gloves (and other necessary robe materials for line workers), etc.)

Valuable skills acquired

- Ability to identify leakers in products.
- High sensitivity to good and bad hygiene practices that greatly affect health safety of consumer product

Reason for job termination

- School resumption

MAY 2018 – AUGUST 2018

PRODUCT HANDLER, MAGNA INC, VAUGHAN

Worked in summer of 2019

- Involved in production of car components (window bars, for the most part), using easy-to-operate cutting machines
- Production was fast-paced (making up to 600-800 parts/pieces in single 8-hour shifts)

Primary duties included

- Using machine (cutter) to saw rod pieces into specific design dimensions, and passing each for quality screening.

Valuable skills acquired

- Extreme carefulness in product handling to avoid damage (in form of dentitions, scratches, etc.) which could result in screening rejection.
- Knowledge/awareness of common devices/systems integrated into machines for workers' safety. This may include light curtains, etc.
- Knowledge/awareness of common work-place measures/behaviors that are necessary for individual and general safety

Reason for job termination

- School resumption

JULY 2019 – AUGUST 2019

AUTO-MECHANIC APPRENTICE, ADGOD INC, TORONTO

Served as an apprentice in an Auto-mechanic workshop for 6 weeks. Major responsibilities were to set up the equipment needed for shipping of cars and to clean the environment at beginning of shift.

AUGUST – SEPTEMBER 2017D

TAILORING APPRENTICE, FEDERAL RAILWAY POLYTECHNIC, YABA LAGOS NIGERIA

Worked as a tailoring apprentice for 2 months in Nigeria. Major responsibilities were to run errands for company manager and to take care of the work place environment.

EDUCATION

SEPT 2020

COLLEGE DIPLOMA, CENTENNIAL COLLEGE

Currently a Centennial student in Software Engineering. Remaining time of program is expected to be roughly a-year-and-four-months.

APRIL 2019

B/ENG, YORK UNIVERSITY.

Studied in York university for two years, where I pursued a bachelor's in Mechanical Engineering. Degree is currently paused.

JUNE 2018

OSSD, GREAT LAKES COLLEGE TORONTO

Completed high school education in Toronto, graduating with an Ontario Secondary School Diploma (OSSD).

SKILLS/ASSETS

- Basic computer knowledge
- Quick comprehension
- Punctuality
- Communication in English
- Math Knowledge
- Heavy lifting ability
